Recommendation 39 of JSG - ?Investigation of coordination in R&D activities between CIA and DOD.

Philip G. Strong (DAD/Collection/OSI) - recommended to DD/R that DD/R and DDR&E be focal points for liaison between CIA and DOD -- also that USIB make evaluations of proposed R&D projects of DOD and CIA in terms of whether the cost and purposes of a given project actually warrant its coming into being; and that a senior person be assigned to DD/R office to coordinate information on all Agency R&D, liaison and exchange with DDR&E, and staff out With USIB evaluations and decisions required.

(On the 3rd recom. above, Scoville said he generally agreed and would keep this function in mind in organizing DD/R office.)
